Comments:

Second Year

- Introduction to human Genetics
 - We still need a color for **Basics** starting with **4**.
- General Histology Lab: was not given. Where should I put it?
 - So, we still should add it to the calendar.

Third Year

- Systematic Histology Lab (20 hours): was not given. Where should I put it?
 - So, we still should add it to the calendar.
- Neurophysiology → which department? How many hours?
 - So, we still should add color.
