# A 'Co-design' Theory of Change for professionals innovating

To achieve engagement with the intended audience, inclusion of partner knowledges, and long-term impact, a collaborative approach is needed from the start.

Stage	Professional Development process
Engage	Collaboration with NGOs to demonstrate teaching practices in the CoMOOC
Develop	Collaboration with professionals to develop the CoMOOC
Extend	Professionals join CoMOOC and contribute tested local solutions to the community
Embed	Activities support participants creating their own local workshops and projects
Sustain	Collaboration with sector actors to take responsibility for maintaining and updating the course and the shared repositories
